EDITOR'S NOTE

The voice of a community in print

It takes a village.

Sage advice applicable to more than just child rearing, the practice can be seen across all platforms, walks of life, businesses – and list research.

The fingerprints of each member of the Springfield Business Journal editorial department are throughout this book. For the second year, we've divided weekly list research among the staff. Those fingerprints can be seen in the software decoding from web guru Geoff Pickle, in the layout of designer Wes Hamilton, the constant questioning and fact checking of editor Eric Olson and the friendly voice on the other end of the phone from reporter Stevie Rozean.

It takes a village to produce these lists each week and it takes an even bigger village to compile this annual book – more accurately, it takes a community.

The Ozarks' community is our village.

It's worth noting, every list we publish is voluntary. Without your responses, we would have no lists to print. You are the community we depend on. Each hospital, accounting firm, architect, hotel, interior designer and banker that takes time to fill out our survey or picks up the phone when we call, you are the ones who keep this wheel in motion.

This book is documentation of a year's work for us, but it's a reflection of your lives work.

Contained within these 88 pages is the story of a community. Some are stories we've devoted news space to, such as the story of change at Ozark's Community Hospital.

Starting in July, OCH announced it would lay off 200 employees amid closures of three of its facilities. CEO Paul Taylor cited the Centers for Medicare & Medicaid Services for terminating its Medicare agreement, leading to the closures and layoffs.

"I am angry. What CMS has done is not right. It is not ethical. There has been no allegation that we are providing substandard care," Taylor wrote in a memo to staff.

Some lists tell the story of millions of dollars spent and a community re-energized like Bussell Building Inc. that claimed the top spot on this year's list of Single-Family Home Builders. Last year's No. 3, owner Kenny Bussell bought 98 long-vacant lots in Patriot Place, the residential portion of the largely empty Jamestown development in Rogersville, for \$1.18 million. By July, he already was making progress.

"We sold 18 homes so far, and we have about 40 houses under construction right now," he said at the time. "That excites me, but we still have a long way to go. We still have 80 more houses to sell."

Thanks once again goes to the Springfield Area Chamber of Commerce for partnering with SBJ to include the 2017 Membership Directory – the only printed version of the annual directory.

If your industry is included, but your business isn't in this book, it should be. Email SBJ reporter and editorial researcher Stevie Rozean at srozean@sbj.net to be added to the 2017 surveys.

You are our village; let us be your voice. Welcome to the 23rd annual Book of Lists.

ON THE COVER

Springfield Business Journal publisher Jennifer Jackson and founder Dianne Elizabeth Osis selected this work from craftsmen at Springfield Hot Glass. The mother-and-daughter art enthusiasts considered works in downtown galleries from the cover image. Its companion piece ran on SBJ's 2017 Book of Facts cover published in December.

Complete care for your team.

You do everything you can to protect the health and safety of your team. Still, workplace injuries can occur so be sure you're prepared.

With the region's most complete array of workers' compensation services, CoxHealth is your partner in keeping your employees well and on the job. Our WorkComplete program brings together more than 20 specialties to care for your injured worker. We deliver the right level of treatment, at the right time, in the right location. We can even connect you to Occupational Medicine providers in your workplace via telemedicine technology. That means coordinated care for your employee and great results for your company.

INDEX OF SBJ LISTS 82

We're passionate about culture.

Congratulations to each and every company who landed a spot at the top of their list, but especially for maintaining vitality in the last few years of economic uncertainty. It's clear that you stayed focused on taking care of your customers, while at the same time managing to grow revenue.

As local small business owners, it's an honor to be trusted advisors to many of the top companies in our community. We're proud of our clients and the transformational impact we've experienced with them. We're passionate about growing and coaching individuals to become better versions of themselves.

At TrustPoint, a Sandler training center, we empower sales and management teams to build trust and develop stronger relationships with prospects, customers and teammates.

Our 2017 question for growing companies in the Springfield community is this: Are you building an intentional, proactive culture to reach your vision of success?

Make a great year,

Brett and Beverly Baker
Owners, Trustpoint

Delta Roofing has Springfield covered

From left to right: Jimmy Spears and Jim Spears

Delta Roofing will provide high work ethics, with a high standard of workmanship, to provide a positive relationship with all customers so they may receive the highest quality roof system for the dollar spent.

Delta Roofing was founded in 1970 with one basic philosophy, "Give more than you take." If you give in excess, then the rest will come to you. Jim says, "We at Delta Roofing are in the industry for the long haul, and our staff intends on servicing your roofing needs for many years to come."

Delta Roofing's employees share in the company's success. Dale Richardson, the senior estimator, has been with the

company for 17 years. Many of the employees have now been with the company 20 or more years. This, along with a Zero Tolerance Drug and Alcohol policy, ensures the customer will receive the best roofing service available.

Delta Roofing prides itself on its competitive pricing of quality products. Decades ago, Delta Roofing ushered in white, energy efficient roofing, which now accounts for 75% of the market. Dubbed the "cool roof," the white roof reflects the sun's UV rays, making it cooler. "We were doing 'cool roofs' before they were cool," Jimmy says.

In 2017, we are officially in our 47th year of quality service. Delta Roofing offers the best of both worlds -- continuity and experience with the latest industry improvements for commercial and industrial roofing. While we offer experienced service in all the new technology, we are well versed in older systems as well.

An extensive warranty and the industry's most competitive prices are what make any day under a Delta roof a GOOD DAY.

We Label America

We look forward to the future

David Menzies

This year marks the forty-ninth of our family owned company. Ample has grown to 57 employees, twenty-one of which have been with the company for more than twenty years!

Our experience makes your label purchasing needs easy. Our in-house graphic arts department can design your label or you can provide us your existing artwork. Our customer service representatives will be with you every step of the way!

Ample purchased its first Mark Andy press in 1968 and as the industry changes, we too must adopt new technology so we may provide the finest print quality and best value for our customers. 2016 saw two major investments in technology. In December, we purchased an HP Indigo WS6800 series digital press. Indigo is synonymous with excellence and produces the flawless print quality that major brands demand. Our 2nd Mark Andy Performance Series flexo press is the most technologically advanced, high-end, efficient solution available.

We've got the right solution for your label needs whether you need 10 labels or 10,000,000!

We are grateful for our customers' continued support as we look forward to our Golden Anniversary and we are proud to say...

"We Label America."

Our story. Our why.

Way back in 1906 a small group of men had a vision to build a better bank for the hard working people of the Ozarks. A different kind of bank that would have the most up to date financial products of the day supported by a family of employees to be there when you needed more than just a bank. A bank to be known for its honesty, resources and caring attitude. That was the beginning of Ozark Bank.

And so it is today.

110 years later, that vision still inspires the men and women of Ozark Bank to give you their best each and every day. People who genuinely love the decades old idea of serving the Ozarks. Sure, there are banks a plenty in the Ozarks. But there is only one Ozark Bank. Same name, same family of owners, same vision.

Serving the Ozarks Over a Century

Celebrating Twenty Years in the Ozarks

Twila Hillme

Twenty years ago Missouri State was still Southwest Missouri State, no one had ever heard of an iPhone, and Murney Associates, Realtors was just an idea. A group of seven agents started Murney Associates in 1997 and since then, we've grown to almost 600. Our growth didn't happen overnight, but it did move quickly. By 2000, we were the market leader in Southwest Missouri and we have been every year since then. We've been recognized locally, nationally and internationally for the business we've created. In 2016, we helped 5,354 families find the home of their dreams. We sold over 2,000 more units than our nearest competitor in 2016 and continued a prominent lead in market share in the Ozarks.

We've always aspired to exceed the expectations of our clients by providing the most comprehensive service possible. One of the ways that we achieve this is through our training. Murney agents are trained by the most experienced brokers in Southwest Missouri from the first day they join our company. We have created a training program that allows our agents to enter the real estate market with the knowledge and expertise needed to usher their clients through the largest financial transaction of their lives.

Since the 1990s, Springfield has grown a lot too. Dozens of prestigious companies have sprung up and others have expanded. As the city has become more of an industrial center, more people have moved into the area. We possess the largest international network in Southwest Missouri and we've helped thousands of people move into the Greater Springfield Area to pursue employment.

We also value technology very highly at Murney Associates. As the landscape of business becomes more and more digital, we've stayed ahead of the curve in providing innovative options for our clients and agents. We believe that great customer service and cutting edge technology go hand-in-hand in the real estate industry and we've always aspired to have the best tools in the market.

A lot has changed since we started 20 years ago, but our mission hasn't. We will continue to be here to help families find their place in this wonderful region. We will continue to strive to exceed the expectations of our clients, and we'll continue to seek out trends to give our clients the most comprehensive service possible.

We're extremely grateful for the opportunities we've been afforded in the past 20 years and we're looking forward to the next 20.

Twila Hillme

HAPPY FAMILIES

We helped more families find their dream homes in 2016 than any other company in Southwest Missouri.

Exceeding Expectations

At the Oasis Hotel & Convention Center, we live and breathe hospitality. Our hotel has an unmatched energy and proactive associates who ensure each guest visiting us leaves with lasting memories that only a one of a kind hotel can provide. The vibrant colors and lush greenery of Springfield's only resort-inspired hotel and convention center are set in a guest's memory long after their departure, and the experience makes where to return for a recurrent visit to our great city an easy choice.

Our full-service hotel offers 173 guestrooms including 5 lavish suites. Everything a guest could want is found on our property; including indoor and outdoor saltwater pools, hot tub, fitness center, business center and a 24 hour snack shop. A delicious breakfast is served each morning in our tropical atrium, surrounded by live plants and relaxing fountains.

Inside the Oasis is hot-spot Fire & Ice Restaurant, home of Springfield's only ice bar. Fire & Ice is sought after by hotel guests and locals alike. The open kitchen floor plan allows patrons a view of the artistry and flare of culinary creations. The creative and diverse menu has something for everyone, and the unique atmosphere makes Fire & Ice the "go to" spot for date night, dinner with friends, and special occasions. From the same kitchen and culinary minds of Fire & Ice, Bella's Pizzeria creates gourmet pizzas which are available for carry-out or guestroom delivery.

With over 30,000 square feet of flexible meeting/convention space, the Oasis Convention Center can accommodate groups from 10-1500! The convention center features a built in stage with theatrical lighting, state of the art audio visual, drop down screens, LCD Projectors, wireless internet, and one of the areas best culinary teams making any event deliciously special.

2016 proved to be another great year for us. We were chosen out of over 800 hotels at the Wyndham Global Conference as "Quality Hotel of the Year" based on quality assurance scores, Trip Advisor rankings, and guest reviews. This prestigious award was in addition to the presentation of a "Best of the Best" award (our 6th consecutive- recognizing the property is in the top 5% of the hotel chain), and the "Innovator of the Year" award for one of our associates, which was awarded out of applications from over 8,500 hotels.

We were also very excited to announce in 2016 that we received an invitation to join the Ascend Collection by Choice Hotels. Ascend, a membership of upscale independent hotels, is the top tier in the Choice Hotels brand hierarchy. The Oasis was desired for this collection due to the uniqueness of the property. This rebranding and promotion to a new upscale category is a direct reflection of the continued growth of the hotel in the last 18 years since its purchase by local owner Robert Low. We could not be as successful as we have been without the combined efforts of our loyal associates and dedicated ownership, but we also want to recognize our community for continually embracing our ever-evolving hotel and helping us succeed.

As of July 18, 2016. Ranked by total number of local licensed agents. The previous year's rankings are in parentheses. Springfield Business Journal relies on the individual businesses to be truthful and accurate in their representation of information listed. An insurance agency is licensed according to state criteria. This list does not rate office volume or number of policyholders. Also not included are captive insurance agencies, which typically operate separate offices representing a single company. To be considered for future lists, email srozean@sbj.net.

We're moving forward

Matt Morrow

If you're doing business in the Springfield region, you already contribute to the economic growth happening in our community. As you browse this Book of Lists and keep it as a valuable reference on your desk, you might be surprised at the variety of businesses and industry sectors here in Springfield.

The Springfield Area Chamber of Commerce, a member-driven organization, leads the way as the voice of business in our community. We're keenly focused on growing the economy, creating jobs and expanding economic opportunity for everyone who lives here. Our member directory, included in these pages, lists the business and professional organizations that come together to ensure a healthy business climate through the work of the Chamber.

We work to serve our members and the business community through our four strategic areas of focus: creating growth, taking action, getting connected and developing our workforce. And as we talk to our members about their future and their needs, the response is consistent and strong: The local economy is set up for growth, but recruiting, training and retaining the right people remains a significant challenge.

Recruiting talented people remains a top challenge, which is why we have made workforce development one of our top priorities. From our GO CAPS student development program to our Talent Attraction Initiative, we're looking to attack the issue from multiple angles.

We're also hard at work advocating for workforce development funding and programs at the state level - just one of several items on our legislative agenda designed to help pave the way for business growth and development.

All these efforts to help find the right workers are crucial, as many of our largest employers are in growth mode. In the last three years, the Chamber and its economic development arm, the Springfield Business Development Corporation, has helped to create nearly 1,400 new jobs with \$54 million in new payroll and \$232 million in new capital investment.

In short, the Springfield regional economy is moving forward. All the pieces are in place for continued prosperity in the coming years. And the Chamber is working to lead the way toward continually improved quality of life for everyone, built on the strength of our businesses.
