City Manager Coffee
reported that TxDOT has
set the date of Oct. 12 to
paint the recent seal coat-
ning on the runway at the
Airport. He will have to
extend the NOTAMs to
prevent anyone from fly-
ing in at night or when
they begin the painting.
Cameras will be installed
at the airport to curtail
any mischief and misuse
of the airport and the
runway. Council Member
Roberts stated that people
need to held accountable
if something happens at
the airport, any damage
is done or any prohibited
use of the airport facilities
occurs. The airport is not
a burden, but an asset to
the city and county. The
city and the county con-
tribute $5,500 each year
for the operation of the
airport. It is good to have
an airport and it should
not be used as a party
stop. The fuel system has
been down several times
due to Windstream phone
and internet lines and
power outages. The card
reader is dial up and goes
through the phone and
internet lines for purchase
of aviation fuel. It is work-

ing now.

The Pecan Street
well is working well and
the city will continue to
monitor water samples to
ensure the lab results are
good.

City Manager Coffee
and City Secretary Will-
burn spoke with the au-
ditors today. They will be
sending a list of required
documents for the FY20
audit soon. Fieldwork
has been scheduled for
mid-December and com-
pletion date is tentatively
set for February. The au-
dit should be completed
on time.

A motion was made
by Council Member Lacy
and seconded by Council
Member Sloan to adjourn
the meeting. With all
members voting aye, the
meeting was adjourned at
7:52 p.m.

The next meeting of the
Panhandle City Coun-
cil is set for tonight, Oct.
8, at 7 p.m. at city hall, #1
Main Street.
